Main Stage

- Peter
    - Hey there! My name is Peter Jowahir, and I am one of the client success team members here at Precision E-Business Group, also known as PEG.
    - Here at PEG we specialize in scalable (EDI) or Electronic Data Interchange services for small and medium-sized businesses. Using our unique cloud-based platform, created from the ground up. We have enabled real-time visibility of all your data traffic within your supply chain. We can customize our application to meet your critical needs.
    - This augmented reality application that you are now using will allow you to connect to our social media, visit our website, and even arrange a meeting with one of our team members.
- *Mini Peter bombastically cartwheels onto the scene*
    - Joining me is my trusty assistant. Peter! He will be our tour guide.
- Mini Peter
    - Glad to be here, Peter! Hey, everyone!
    - To get started, tap one of these buttons (*gestures towards the buttons*). They will present you with more information about us and our services.
